### Legislative Update – 2018 Session

**SB144** was tabled during Senate Finance Committee hearing with the understanding that the \$100K would be added to the HSD budget. Unfortunately, we do not see it in HB2 with the Senate amendments. It is unclear how or if it was included elsewhere.

**SB145** was passed by Senate and House and I wanted to thank Senator Munoz, Representative Deb Armstrong, Representative Javier Martinez, Dr. Kanig and Dr. McAneny for their support. Dr. Hickey had his lobbyist there to help testify in committee. Joie Glenn was there multiple times for committee hearings and helped with investigating the budget questions. I really appreciated the support. Now we hope this makes it past the Governor's desk.
